Every year Rotary sponsors a GSE, Group Study Exchange Team

of young adults 24-35, in varying professions who come to Hawaii for a month, getting to know Hawaii and professionals in their fields, on Oahu, Kauai, Maui & the

Big Island. They'll also attend the Rotary Convention on Maui in Sept.

Chet & I hosted this year's team leader, a dentist. Pictured with us are girls from Dist 3780, Quezon

City. PI, who are a teacher, interior designer, TV producer and environmentalist.

What a busy August and
We're still going strong.
Wonderful visit by DG Lauri

on the 2nd; great communications and reporting from our committee. Then came the Garage Sale chaired by Janneth Black. It was HOT, hard work and great fun as we raised more than \$1,000 and still working on selling the remainder of the collectibles via Jan's excellent contacts. The club provided Dave Bowersox' funds to take to Afghanistan. Maybe next year one of us can accompany him. **Keiki Vision** was great, and there was my Birthday Bash! YIR President Judy J #

TACO BOB TELLS ALL! About Squid, that is.

Taco Bob Chang regaled us with his feats of capturing numerous TACO in and around Moanalua Bay, & Waikiki, totaling in the thousands. What does one do with all that squid? Eat, sell em? The challenge is in the hunt and capture. Several years ago Bob designed a wide surfboard with a small OB motor. Donning

a fin on his left foot, he lay face-down on the board, steering w/his right foot. Mask on, face in the water he was trolling with a "glass-bottom boat". Using an 8 oz lead lure, strongly resembling a golf ball, the taco, would see the bait and "jump" on it with all arms and legs. Bob brought the lure and taco to the surface, grabbed the beast, shook it into submission, recovered the bait and storing the taco to soon meet its fate. Aloha #
