**PERRY SPRINGMAN
&
RYAN McALLISTER**

Perry & Judy Ryan & Judy

WORLD VISION

Perry & Ryan regaled us with their acoustic guitar, ukulele and harmonica November 14, to a near packed house, bringing their passion for music and comfort to so many needy children. Perry, lead singer with Perry

Rotary and Peace
Chet & I recently attended a Rotary Convention & Peace Conference and were so inspired by the presentations and warmth of the people and new friendships we made. Truly, Rotary is a **Great** service organization, as the largest non-profit, non-political & non-religious organization in the world. Where Rotary is found there is less hunger & sickness, cleaner water and more peaceful conditions, working in close alliance with powerful Organizations, eg UNICEF and others. Knowing

& the Poorboys brings a load of talent and experience with Bob Geldoff, Bonnie Tyler, Thomas McClary and others. Perry & Ryan make great music that's truly trans-generational as evinced by our club's blend of age & gender, who rocked to the music. Perry has recorded 10 CDs, the last, *Halfway Around the World* featuring **Where Will You Sleep Tonight**, a beautiful song of children in "poor" countries 'round the world. His passion for his work comes through as he sings songs of hope for **needy children everywhere.**

this, we must remember that our club has remarkable International projects as well. These ideas come from **YOU; your** creativity, imagination, sorrows, lessons in life and your strong desire to *Give Back*, are emblematic of the Rotary Spirit. **Choose** to bring forth new ideas, to your family and to our club, thus nurturing the powerful creative continuum that helps Rotary maintain its place as a leader in making this planet a better, more healthy and safer place to live. An intriguing question posed to us

by a past RI President: "If your club was given \$1million how would you spend it?" So, let's think about that, it's not out of the question, is it? When we contribute dollars we know they will be well monitored, and invested. The theme this year was:

Peace Resolution.

We heard from two bright, articulate Yale students, an Orthodox male Jew and a female Muslim, who founded a Jewish/Muslim group at their school to build a bridge of peace between the two cultures. They were inspiring. Later, the Grandson of Mahatma Gandhi was introduced. He said he was told that man is born with violence in him. Gandhi responded: "No, man is born with **Anger**, and the way to peace is to recognize and understand your anger and manage it, turning and twisting it so that it results in non-violence." I leave this for you all to ponder to determine for yourself how to accomplish this. Rotary's transcendent goal is helping to create a world at peace. It all begins with one person as others join in. Let me close with this quote: "When the power of love transcends the love of power, the world will know peace." So, Peace be with You. Aloha Judy J.

**Christmas Party
December 4th**

Paul & Maureen Piper have extended a gracious invitation to join with them and fellow Rotarians at their home: **712 Paoo St, Mariner's Cove**, corner of Niumalu Lp. Look for the Red Tile Roof. Res phone 396-5395. Please bring a folding chair or two, The Party starts at 5:30. Aloha.
