MISSION

Created in 1917, The Rotary Foundation supports the efforts of Rotary International to achieve world understanding and peace through international humanitarian, educational, and cultural exchange programs. The Foundation's humanitarian programs fund international Rotary club and district projects to improve the quality of life, providing health care, clean water, food, education, and other essential needs primarily in the developing world. Through its educational programs, the Foundation provides funding for some 1,200 students to study abroad each year. Grants are also awarded to university teachers to teach in developing countries and for exchanges of business and professional people.
