

ROTARY DISTRICT 5060

We need your help!!! District 5060 put together a pilot program last year to provide an opportunity for 15 and 16 year olds (grade 11 students) to develop their leadership potential through experiential education, interactive activities, personal reflection and fun.

The two day camp is a remarkable opportunity to meet and learn with outstanding young facilitators Meagan Miller and Carley Julien. (Both graduates of Summerland Secondary and the University of Victoria).

The workshops are designed to meet the needs of groups as well as individuals and the leaders strive to create an impacting experience for all participants. The activities are experiential by design; meaning “we learn by doing”. They provide real experiences that give individuals the tools to be leaders in their lives.

Over the course of the workshops, participants will experience:

- ✂ Communication Awareness
- ✂ Leadership and Facilitation Skills
- ✂ Global Awareness
- ✂ Environmental Education and Social Responsibility
- ✂ Community Building
- ✂ Teambuilding and Trust Activities
- ✂ Personal Awareness and Development

Last year, as I mentioned, was a pilot program which involved 15 high school students throughout the zone. It was born out of the vision of Rotarian John Bubb of Summerland and follows the very successful SADI (Summerland Asset Development Initiative) leadership camp for younger high school students.

What I need from you is a contact in your club that would be willing to find one or preferably two students from your area, to participate in this most valuable experience.

The cost to your club would be \$185 per student. (We also ask that if this is not in your budget this year, please put it in for next year).

Date: October 27 and 28, 2011
Place: Naramata Centre
Cost: \$185.00 per student
Deadline for registration: Oct. 7, 2011
