Dear New Member,

We, the Membership Committee, would like to welcome you to the Rotary Club of Salmon Arm Daybreak. Hopefully by now you have met most or all of our members and learned a little about what we do.

To assist you in understanding the fundamentals of Rotary, we are pleased to enclose a package that provides basic information regarding our club, Rotary International and helpful websites. Also, please find enclosed a list of Rotary Educational DVD's available through your Membership Committee, which we encourage you to borrow and view at your convenience. As we are here to support you during your introduction to Rotary, please feel free to ask questions!

In approximately two weeks a Membership Committee member will be arranging a convenient time to meet with you to review the enclosed information. This would also be a good time to discuss how you can become more involved in Rotary.

As a member of Rotary you will find yourself surrounded by other like-minded individuals working together to better our local and worldwide community. Once again, welcome to Rotary and its many rewards!

Kind regards,

**Rotary Club of Salmon Arm Daybreak
