

ASSISTANT GOVERNOR REPORT AG Mark Wulf, Southwest Region

There is much activity in the Clubs of the Southwest Region.

The Dallas Club continues to raise large sums for its foundation, primarily from its Breakfast in the Park and the Rotary Car Show. These funds help finance many projects, including the club's Youth Exchange, and Interact Club, the Community Women's Shelter and several WCS projects in Central America.

The McMinnville Noon Club has welcomed five new members, started a Rotoract Club at Linfield College, and have just completed their most successful Wine and Art Auction ever. Their fundraising supports a major Youth Exchange Program and other local and world wide projects. The McMinnville Sunrise Club's major fund raiser is the Crab and Oyster Feast and Art Contest. The major beneficiaries are the McMinnville Women's shelter, a new wetlands area in Joe Dancer Park and two international projects, one in Peru and one in Thailand.

Monmouth-Independence Rotary has dedicated a new fountain and paved area in Monmouth's Main Street Park along with two stone benches memorializing past members of the Club. In addition, the Club has participated with "Habitat for Humanity" in the construction of a new house and is hosting two Youth Exchange in-bound scholars.

Newberg Noon Rotary's "Auction at the O.K. Corral" is a major fund raiser supporting the Club's local and international outreach. This Rotary Year, the Club is sending 32 Rotarians and Friends of Rotary to Guatemala on a medical-dental mission. The Newberg Earlybirds supports a food service program in Peru, the Hess Creek Project and an organization called "Kids Helping Kids". This program is designed to meet the needs of children with medical and dental problems.

Sheridan Rotary Club's annual "Mud Drags" is a very successful and an entertaining fund raiser. Their funds have been used to support projects in the town park, the local Boy Scout troop and other worthy local projects. The Club also has a positive membership trend.

Lastly, all Clubs in the Southwest Region are supporting the Dictionary Project or local reading programs in their schools.

District 5100 congratulates all of the Rotary Clubs in the Southwest Region for a job "Well Done".

ON TO SALT LAKE CITY, UTAH ROTARY INTERNATIONAL CONVENTION Leah Murray, Mary Jenkins

Where do you plan to be from June 17th to June 20th, 2007? Allow us to recommend that you consider attending the RI Convention in our neighbor city, Salt Lake City. Every Rotarian should attend an International Convention at least once in your Rotary Career, and having the convention so close in 2007 makes it both convenient and affordable.

Rooms are still available at two hotels located just five blocks from the convention venue, the "Salt Palace." Visit www.hamdenrotaryclubtours.com for hotel rates, complete tour packages and registration documents. Information is also available on the District Web Site. Visit www.district5100.org.

GOVERNOR'S LETTER

I think that the person or group that titled the various months in the Rotary Calendar is a true genius. Last month's "Rotary Awareness" and this month's "World Understanding" titles really caused me to think about just what it meant and where it should lead us, as individuals as well as for a club or the District.

I think many of you have heard me talk about my Rotary career. For the first 17 years of my life in Rotary, I was truly a "RINO", Rotarian in name only. What kept me in Rotary was that my clubs, first in Reno, Nevada and then in Downtown Portland had excellent programs. I always learned something when I attended my meetings and thus, I stayed. However, it was my retirement from the 8 to 5 grind that really made me into an active Rotarian. I had the time to become aware of Rotary and its place in the world community. I saw the good works we did and this gave me a true feeling for "World Understanding".

One of the statements I heard during my club visits went like this: "I know that other people need help, but I want all of my support to go to my people and my town". This is a perfectly natural way to feel. If our people and our organizations had only Rotary to support them, I would agree with that statement. However, we are the wealthiest nation on earth. We also are, in my opinion, the most generous. Real need in this country has many ways to seek support. One only has to view the outpouring of support for the victims of 9/11, the assistance to the Indonesian people after the tsunami, the caring for the citizens of the South after Katrina, and as we, in Oregon, searched for the Kim family in November and the lost climbers on Mount Hood in December. Americans are always willing to provide support, both financial and in-kind when it is required.

Sadly, this is not true in the developing world. My education in this arena began in the late 80's in the Dominican Republic. Mary and I were spending a long weekend at a resort on the island's south coast. One morning while playing tennis, we had the services of two ball boys. I am not a person who handles well services for me that I am perfectly capable of doing for myself. I was in the process of sending the ball boys away when the tennis pro came over to me. He said, "Señor, these boys are the sole support for their family. Please do not send them away". I have never forgotten this event, and I hope I never will.

This incident caused me to educate myself on the reasons for poverty in much of the world and more importantly, what we can do about it. Very quickly, you learn that schooling in most developing nations is weak or non-existent. Without the gift of literacy, it is impossible for an individual or a

society to climb out of despair. "World Understanding" shows me how much good the Uganda Books Project run by Joyce and Ray Lockhart in the Beaverton Club has done for that African Nation.

Without good health, people can not prosper. So much of the world does not have access to clean water, and without water to grow crops and clean water to drink, many societies lose half their children by their 10th birthday. "World Understanding" shows us that a very simple and inexpensive water project can make the difference between life and death. Mike Coberley, from North Portland Rotary, and three other clubs in District 5100 are practicing "World Understanding" as they are bringing parasite-free water to native villages in the Amazon Basin of Peru. Hopefully, many of these children will see their 10th birthday.

District 5100 has for years helped start and fund micro banking institutions in Central America. Who would think that a fifty-dollar loan could make the difference between hunger and a full stomach? "World Understanding" has led the Portland Club President, Deniel Banks, and many other Rotarians to establish multiple micro banks and provide the financial support for many people to lift themselves out of poverty. By the way, the default rate for these loans is so small it is difficult to measure. I know it is a cliché, but it says it all. *Rotary gives them a hand up, not a hand out.*

Lastly, "World Understanding" brought many of you to our successful "Partners in Service" event in September. From this fair, two major matching grant projects are moving forward. One will provide safe transport for school children in Benin thanks to members of the Tigard Noon Club, and David Stevenson's "Children of the Golden Triangle" will have greatly improved facilities thanks to "World Understanding" led by the Lake Oswego Club. There are many examples of how much all areas of the District care; from the Coast to the Willamette; from Clark County to the greater Salem area. District 5100 understands and practices "World Understanding". I know that the world is better because of our actions and actions of Rotarians from all over the world.

Yours in Rotary Service,
Tom Jenkins

MEMBERSHIP MOMENTS

Week 32 - February 4-10, 2007

February is World Understanding Month.

Have you ever hosted a Rotary exchange student? One of the most positive experiences that your family can have is by hosting an exchange student for a period of time during the school year. The understanding of different cultures is a gift you can give your family.

Give your child or grandchild a part in this wonderful program

DISTRICT 5100 PLAYS HOST TO RI PRESIDENTIAL VISIT IN MARCH

Rotary International President W.B. (Bill) Boyd of New Zealand has been scheduled for a three-day visit to District 5100 in March that includes a special meeting with new Rotarians, a family picnic and a special dinner with major Rotary Foundation donors and benefactors. The visitation is scheduled from Friday, March 23 through Sunday, March 25. Accompanied by his wife Lorna, Boyd's itinerary also will include a stop at the Rotary Village at Camp Collins, a Rotary Centennial project.

Highlight of the visit will be an informal discussion meeting at 11 a.m. Saturday, March 24 at the Kingstad Conference Center in Beaverton with Rotarians with three years or less of Rotary experience. This will be followed by a "Family of Rotary" picnic at the Kingstad facility from noon to 2 p.m., an event open to all District 5100 Rotarians and their families. Theme of the box lunch picnic will be "A Look at the Second Century of Rotary." Cost for the picnic will be \$15 for Rotarians and guests, \$7.50 for children under 12, and no charge for children three and under. There will be no cost for an informal meeting with new Rotarians.

The Boyd visit also includes a strategy meeting with the District Leadership Team Friday evening and a special dinner Saturday night with major donors and benefactors at the DoubleTree Hotel at Lloyd Center.

"The Beaverton events provide an opportunity for both new members and Rotary families to meet up close and personal with our international president," says Past District Gov. Angelo Carella, chair of the special committee handling arrangements for Boyd's visit. "He will discuss key Rotary programs underway to make for better communities and a better world."

Carella says he is expecting about 100-150 new members to meet with Boyd and is hopeful of an attendance of 300-400 for the picnic. Registration information is available from the District 5100 website at www.district5100.org or calling the District office 503-620-8055 or emailing at office@district5100.org.

Of the many demands for his time, we are pleased that our international president has committed to see the work we are doing in our region," Carella says.

W.B. (Bill) Boyd promotes literacy on his visits

ROTARY'S MEDICAL OUTREACH

- Kyle Gorman, Rotary Club of Clackamas

Sudden Cardiac Arrest (SCA) is a condition in which the heart stops suddenly and unexpectedly. SCA can strike anyone--even children--and an Automatic External Defibrillator (AED) is the only cure.

In 2004 SCA claimed the lives of two young people, Eddie Barnett, a basketball player from Grant High School, and Graeme Jones, a 12-year-old Beaverton boy. Neither children had defibrillators present in their schools.

The Rotary Club of Clackamas was moved by these stories and in 2005-06 began a program of ensuring that every school in the North Clackamas School District had an AED. Working in partnership with Clackamas Fire District and Clackamas County, the club and its partners began offering grants of 50% of the cost of the AEDs. The program moved a number of Rotarians to contribute the balance to ensure that local schools were protected. Then, in 2006, Les Schwab Tires and radio station Jammin 95.5 agreed to contribute 1/2 of the cost of the AEDs for every middle and high school in the county if the club or others would contribute the rest.

This program has now enlisted the support of parents, teachers, and citizens. The Wilsonville Rotary Club in fact funded four defibrillators. This year, the club received a simplified grant of \$2,000. Now we believe that we have the ability to put an AED in every school in the entire county. From very humble beginnings, with the help from President Shirish and others, we believe that we have done some real good for the community. Thanks Rotary!

ROTARIANS, LEAD THE WAY TO SALEM

THE DISTRICT CONFERENCE IS MAY 3 - MAY 6, 2007

Salem, Oregon's Capital and the heart of the Willamette Valley, will welcome Rotarians from Northern Oregon and Southwestern Washington in early May, 2007. Salem's new state-of-the-art conference center and the Phoenix Grande Hotel will host Rotary members and their families. Spacious and comfortable, the new center is the ideal setting for the District Conference.

Our speakers will improve your Rotary knowledge and will provide up-to-date information on what is going on in our ever changing world. Speakers include Dr. John Minahan, President of Western Oregon University; Rick Francona, well known commentator on the international scene; and PDG Linda Coble, Honolulu Television anchor and one of the first women to join Rotary. The conference will also focus on Rotary's medical outreach with addresses by PRIVP William Sergeant, the Rotary Leader for Polio Plus; Dr Robert Demuth, a major benefactor of Rotaplast; and A-DEC founder and CEO, Ken Austin, speaking on the Rotadent program. Presentations by the inbound and outbound GSE teams and the Youth Exchange Talent Show will round out the program.

This event will also be a celebration of the "Family of Rotary" so the conference will have many family activities. Children will stay free in their parent's rooms and the hotel has a fabulous breakfast area for children. Just a short walk from the conference center is Riverfront Park, the Carousel with its beautiful hand carved horses, the A.C. Gilbert Discovery Village and the Rotary Sponsored children's play area.

For attendees, the conference has many activities scheduled including a wine tour and the District Golf Tournament on May 3rd at Oak Knoll. Attendees will have free time to explore Historic Downtown Salem or to stroll along the river and visit the Pavilion, the new jewel of Riverfront Park. Built by an international team, it is the pride of the Salem Area Rotary Clubs.

"Mary and I are asking you to Lead the Way to Salem. Join us as we all Discover Rotary and celebrate a great year with our extended Rotary Family," DG Tom said.

To register, visit www.district5100.org or call the District Office at 877-776-8279.

District 5100 & Rotary Clubs of Oregon / SW Washington Awarded 2007 PR Grant

On December 28, 2006, Rotary International awarded a \$3,000 Public Relations Grant to Rotary Clubs of Oregon and SW Washington and local Rotary District 5100. These groups were selected from nearly 4,000 applications from 100 countries.

The grant guidelines required a broad reaching public relations plan, financial and in-kind involvement of local Clubs and Districts, and working with optimal media partners. The District PR Committee found such a partner in the Meredith Corporation's local stations KPTV-TV, Channel 12 and KPDX-TV Channel 49 in Portland. With cooperation of the media vendor and the collaborative effort of clubs throughout the district, a full scale multi media campaign was born. It will cover all of northern Oregon and Southwest Washington. 100% of every dollar pledged and granted will be applied to the media campaign.

Television commercials will begin running the week of January 15, 2007 on KPTV, KPDX reaching Portland, SW Washington, Bend, Pendleton, La Grande, Astoria, Salem, Albany and beyond. The campaign continues through March and includes print advertising in the February, 2007 edition of *Ladies Home Journal*, internet and broadcast sponsorships.

"This is an exciting opportunity to spread the word about Rotary here in our local communities," according to project lead Judy McMorine. "It is the collaborative effort of many Clubs throughout District 5100 that is making this happen. Without the support from local Clubs, we could not do this project. We are excited about the enthusiastic response we have received from our members across the District."

While Club Presidents will receive email updates about the campaign, estimated times and placement information will be updated daily on www.district5100.org.

For more information about the project, please contact District Public Relations Chair Doug Porter.

DISTRICT ROTARY FOUNDATION REPORT

Reg Keddie, Foundation Chair

Here are opportunities for your club members to participate in Rotary Foundation programs: help design a matching grant or develop a much needed community program, or select and interview a qualified student in your community for a Rotary study-abroad opportunity.

Ambassadorial Scholars

Applications are now available for students in our district for the Rotary Foundation Ambassadorial scholarships. The District has two scholarships available valued at \$23,000 each. There are qualifications that the applicant must meet which are explained in the application.

Rotary World Peace Scholarships

Applications are also being accepted for the Rotary Centers for International Studies in Peace and Conflict Resolution. This scholarship will earn the student a master's degree in international studies at one of six universities around the world. The applicant must have a bachelor's degree and a passion for conflict resolution. This scholarship is valued at \$52,000.

University Teacher Grants

The District is offering one University Teacher Grant. The grant is for university teachers to share their expertise in the developing world. This grant has a value of \$19,000.

All scholarship applications are available at the District and Rotary web sites. Questions should be directed to Richela Grantz-Avedon, Scholarship Committee Chair.

Matching Grants

Governor Tom allocated over \$90,000 for clubs to use as matching money to encourage our clubs to participate in humanitarian grants with a club in the developing world. Quite a number of interesting and worthwhile grant opportunities were presented during the Partner in Service program in September. There is a critical time element with matching grants in that all grant applications must be presented to our District Grants committee in time for the committee to review the application which then must arrive at The Rotary Foundation by March 31, 2007. Forms are available at both the District and Rotary web sites.

District Simplified Grants

Again, there are allocated funds to match your club's local or international project. Each club can request up to \$2,000 for a DSG. Here is an opportunity to start a smaller project in your community, like the dictionary project or any other community project which involves active Rotarian involvement. Contact Christine Huot, District Grants Committee Chair to answer your questions or concerns. Application forms are only available at: www.district5100.org.

MEMBERSHIP MOMENTS

Week 33 - February 11-17, 2007 Has your club had a program on the Ambassadorial Program? This is part of the Rotary efforts for World Understanding. You can help spread the word that Rotary has provided 37,000 scholarships since the program's inception in 1947, and that scholars from 100s of countries have studied under this program. It is the world's largest privately funded international scholarship program furthering cultural understanding and friendly relations from people around the world.

Be a proud Rotarian and find others to join you

Week 34 - February 18-24, 2007 Ever thought about being a Group Study Exchange leader? This is a cultural and vocational opportunity for young business and professional people between the ages of 25 and 40 for four to six weeks in a host country experiencing the country's institutions and way of life. You as a leader can be of any age and professional background.

Be an involved Rotarian and stay a Rotarian

Week 35 - February 25-Mar 3, 2007 Do you know the newest international program sponsored by The Rotary Foundation? The Peace Fellow program situated at 6 international universities offers professionals from around the world the opportunity to study conflict resolution and peace making. They will be the peace makers and keepers of the future.

*Tell the world of Rotary's goal
World Peace and Understanding*
