School Year 2006-2007

Dictionary Project - Arizona - 2006-2007

Participating Organizations

- More than one donor/club
- BPO Elks
- Rotary Club

** The map displays the total books distributed by different donor groups in each county. Each county is colored according to the highest donor in that county. If a county is filled with diagonal lines, it means more than one club is participating there.*

TOTAL DONATIONS FOR Arizona SCHOOL YEAR 2006-2007							72,485

The Dictionary Project

Arizona Sponsors - Schools Covered

School Year 2006-2007

IMPORTANT NOTE: These school information has been provided by our sponsors to represent the schools they will be distributing the dictionaries to. This list has not been verified nor is endorsed by the Dictionary Project. Some organizations will list a complete school district but they may not be covering schools other than the elementary level, although other levels might be listed. We will be implementing procedures to verify each school listing starting with the 2007-2008 School Year, to make sure that each school was actually covered by the specified donor. However, for the time being, this list should be used only as a guidance and as a non-verified source and should be verified with each school or school district individually, or with the listed sponsoring organization directly.

If your donation is not listed in this section, it might be because we did not receive the school information. Please contact us immediately at wordpower@dictionaryproject.org with the full school information to include you in the list.
