

In the 2011-12 Rotary year, I am asking each member to be responsible for arranging a program (s) for our regular Tuesday meeting. You do not have to present the program, but you are responsible for securing a program on your specified date(s). You can let me know your program as soon as you have arranged for it, but please have it in place the previous month so I can get it on the website and announce it. If you must trade with someone, please do so “on your own”, but let me know that you have switched dates. Remind your speaker that we allow 20 minutes for each program so that people can get to work. I have listed the “Rotary Theme” for each month below in case you wish to plan a program based on that Theme. However, that is your call. Thanks so much, and I know we will have some **EXCELLENT** programs!
