Today's Meeting

Straight from the Body Farm, we'll hear about Gurnee CSI

Gurnee Police Officer Mike Young, a 13-year veteran of the force and the department's evidence technician, has just returned from the University of Tennessee's Body Farm, where he has been studying about forensics investigations.

At the Body Farm, students learn to gather forensic evidence from the recently or not so recently demised. The School has all sorts of bodies donated for scientific research, of course, in all different states of decomposition.

Officer Young will tell us all about gathering this type of evidence and give us the inside story on Gurnee Crime Scene Investigator

Club Song

Refrain:

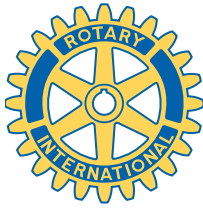

*Oh, I feel healthy, happy and terrific
Happy and terrific, that's the way I feel.
I feel healthy, happy and terrific,
Happy as a member of Rotary*

*Each morning I wake up I say a little
prayer*

*And give thanks for the way I feel.
I greet the day with love in my heart
With a pride I can't conceal!*

Refrain:

Oh, I feel healthy...
