The Mission of Rotary International

To support its member clubs in fulfilling the Object of Rotary by:
- Fostering unity among member clubs;
- Strengthening and expanding Rotary around the world;
- Communicating worldwide the work of Rotary; and providing a system of international administration.

The Mission of Dayton Rotary

The Rotary Club of Dayton is a fellowship of diverse business and professional leaders who commit their time and talent to staying informed and serving the club, the community and the world.

Kim was proposed for membership by Jack Lohbeck.

Rotary Foundation Thoughts

A member of the Rotary Club of Cleveland, Ohio, USA, Arch Klumph served as the RI president in the 1913-14 Rotary year. In 1917, Klumph declared that “we should accept endowments for the purpose of doing good in the world in charitable, educational, and other avenues of community service.” His vision and a contribution of US$26 left over from the RI Convention helped to establish the charitable and humanitarian arm of our organization, The Rotary Foundation.

Due to the hard work and generosity of Rotarians worldwide, The Rotary Foundation has improved lives for over 90 years. With ongoing financial support, our Foundation will continue to carry on Klumph’s dream well into our second century of service.
This Happened

Last Monday . . .

given by Steve Rubenstein who could not be in attendance today but wanted to have Williamson announce the kickoff of the Crayons to Classrooms campaign with area Kroger stores; Mark Donaghy was spotlighted for various reasons and he gave a Day $50 for the upcoming ribbon cutting on August 24 at 11:00 am for the new GDRTA Transit Center; Dona Vella gave a Day $15 towards John Bothwell’s challenge announced last week; Susie Weaver gave a Day $15 to Bothwell, Day $5 for Guang Zhu’s performance at Bob Richards’ memorial service this past weekend; Ed Gray Day $10 also for the NY Times article; Paul Miller a Day $15 for Bothwell, Day $15 for family vacations recently finished and Day $5 for sitting at a table today as the only male surrounded by women; Julie Barhost announced that the Rotary Vocational Fair is scheduled for November 23 in Building 12 at Sinclair; Brad Gamblin announced the Rotary Family Picnic to be held on September 13 at the May Estate in Waynesville, $10 per adult, $6 under 10. The Rotary Business of the Week was then recognized, Gottschlich & Portune with our own Gary Gottschlich in attendance today.

President Kathleen asked Past President Jack Lohbeck to come forward and introduce the newest Dayton Rotarian, Kimberly Carter, to the Club membership. Led by President Carlson, the members welcomed Kim to the Club and all recited the Rotary 4 way test.

President Kathleen welcomed Ed Gray to the podium to give the members of the Club an overview of the workings of the Club’s Foundation: funded by Day-Tens, fines, other unrestricted funds received by the Foundation, by a portion of the JR Woodhull Fellowship contributions and money unspent from the previous year there is approximately $22,400 available this year for grants to local groups concentrating on worthwhile efforts such as at risk youth and the development of young leaders.

Chair of the Day, Charlie Campbell introduced Rotarian Frank Svet as the speaker for today’s meeting. Svet is the President and CEO of EMTEC located in Kettering. EMTEC is our local Edison Center working to commercialize new and exciting technologies in materials, advanced energy and “ICE”. EMTEC is helping to transition Ohio’s traditional auto and aerospace supply chain manufacturing into new growing market opportunities in advanced energy, medical products and more. EMTEC has a 22 year history and generates a 100 to 1 return on the investment from the State of Ohio used to support the entity. Currently, EMTEC is working on exciting projects such as the Ohio Algae Fuel Initiative (JP8), the development of various fuel cell technologies, and Red Shifting LED coating (natural light appearance LED lights).

Responding to a question from the audience, Frank indicated that the job opportunities from these technology jobs would also include entry level positions due to the requirements of maintenance (for example, a wind turbine has over 8,000 parts) on these new products.

President Kathleen presented Frank with a gift from the Club and closed with her Meeting Moment, a Day $10 on behalf of the great exciting technology transfer work being done right here in Dayton.

Rotary Annual Vocational Fair Program

Monday, November 23, 2009

Sinclair Community College Building 12, Great Hall Area

11:45 am -1:15 pm

$60.00 Booth Rental

The November 23rd meeting date will be devoted to our tenth annual Vocational Fair Program, which is a chance for Rotarians to showcase their business. Obtain a registration form from Laura or off the website to sign up for a booth space that will allow you the opportunity to display and discuss your organization’s products and services. Members will visit booths prior to, during and after lunch, and those who visit a minimum number of booths will be entered in a drawing for door prizes that will be awarded at the end of the meeting. Registration is on a first-come, first-serve basis.

The tables for the displays are 6’ long and will be covered in a tablecloth. You can begin setting up as early as 10:00 a.m. and should be finished by 11:30 a.m. Rotarians will start arriving around 11:45 and may begin visiting booths at that time.

PLEASE NOTE THE CHANGE IN DATE
