President Kathleen requested that Chair of the Day Amy Luttrell introduce our speaker, Dr. Michael Ervin, formerly with the Miami Valley Hospital and Wright Health Associates. For more than a year, hundreds of people have actively participated in developing the Greater Downtown Dayton Plan. The Greater Downtown has 42,000 people who work in the area, over 20,000 residents, and another 40,000 students attending universities. It is the economic engine for the City of Dayton and its health and vitality are critical for our entire region. This public/private driven plan is both strategic and tactical in its scope. Most importantly, it will have a broad-based community implementation team in place to ensure that the plan will be implemented. Continued on Page 4
Rotary Foundation Thought
By: Frank Scott, Chair RI Foundation Committee

During the rainy season in Ethiopia many rural communities are isolated by fast flowing flooded rivers that separate them from vital aspects of life. With support from a Rotary Foundation Matching grant eight foot bridges were built to alleviate these villages isolation. Sponsored by the Rotary Club of Addis Ababa, Ethiopia and the Rotary Club of Gloucester, Virginia, USA these bridges will improve the living conditions of local communities and provide them with access to life’s daily needs. So even during the rainy season in Ethiopia, Rotarians will know that through contributions to The Rotary Foundation they helped provide a bridge out of isolation for these eight communities.

Today’s presentation addressed the highlights of this plan, including the 3 main areas to be addressed: the River Corridor, the Downtown Core, and the new State of Ohio designated Aerospace Hub. The objective of this plan is to result in the creation of a great sense of “place” for Dayton, one that employers will find beneficial in their decision making to relocate or stay here in the Greater Downtown Area. The full plan and implementation strategy will be unveiled to the community on May 18th.

President Kathleen closed the meeting by thanking Dr. Ervin for his presentation, suggested once again that he should join the Dayton Rotary Club, and provided her own Day-$10 and encouraged Members to get out and vote on Election Day, May 4.
