Fun, Family Fellowship

This year Rotary Sunrise will celebrate our Family Christmas Party on **Wednesday, December 18** at George Town Yacht Club. Rotarian Berna will share details on Wednesday, December 4 to encourage members to come out for a fun and relaxing evening with lots of fellowship as we celebrate our last gathering of 2013. What the Prez Sez... What's Your Focus?

District 7020 has just announced an essay contest!

There are three different levels of competition for Interactors, Rotaractors, and Rotarians. The winners will be announced during Literacy Month in March. And as Rotarians, those of us who enter will be competing for an award of Foundation points.

Alright, stop yawning.

The reason I found this competition exciting is that the

essays must

suggest creative ways to tackle the six Rotary International Areas of Focus:

- Peace and Conflict Resolution
- Disease Prevention and Treatment
- Water and Sanitation
- Maternal and Child Health Care
- Basic Education and Literacy
- Economic and Community Development

Here's a chance to speak your mind and explain what you believe would be a good way to right some of the wrongs in the world. It's a chance to flesh out ways to make a real difference in the world and have the potential support of Rotary International giving your ideas force and fruition.

Keep in mind that in 1979, Rotary clubs in the Philippines as a community service purchased and delivered polio vaccine to combat the disease in that country. PolioPlus was embraced by Rotary International in 1985 and since that time, the effort has provided polio vaccine to more than 2 billion children around the world.

In 1985, there were 1000 new cases of polio reported every day. 1000 children were being paralyzed by poliovirus every single day. And today, we are on the brink of eradicating that disease from the face of the earth.

In an online video, Past RI President Cliff Dochterman reminisces about how in 1982 he had suggested, "We ought to look forward to Rotary's hundredth anniversary in the year 2005 and maybe we could make a gift to the children of the world by immunizing all the children of the world. Well, I was so naive and so probably ignorant of the magnitude of such a suggestion." But it was a suggestion that took root and grew to be one of Rotary's proudest accomplishments.

So get busy and dream big. Come up with your thoughts of how we as Rotarians can address one of the six areas of focus. Write it up. Send it in. And see how it may change the world.

The 4-Way Test

Of the things we think, say, or do:

Is it the truth?

Is it fair to all concerned?

Will it build goodwill and better friendships?

Will it be beneficial to all concerned?

JOIN THE FIGHT

More than one million Rotarians worldwide have contributed to the success of the polio eradication effort.

The Health City Cayman Islands initiative gives the partners the opportunity to positively impact the care being provided in the Caribbean region.

In addition to providing high-quality healthcare to Cayman residents, this initiative also will serve those who are poor and vulnerable by providing them high-quality healthcare services.

Ascension Health Alliance will provide facilities planning, supply chain management and biomedical

engineering services to the project, while Narayana Health will provide technical input and direction to the Cayman team.

The hospital will come up near High Rock in the East End District of Grand Cayman. The first phase would be built by the Cayman Healthcare Construction Group, a joint venture between Caledonia Construction Cayman and healthcare construction specialists Deangelis Diamond Healthcare Group.
