It is the mission of The Simple Hope Foundation to seek out and support effective means of combating Substance-Abuse driving related injury and death, and to help find new & innovative means of counteracting alcohol and drug addiction. Working with other foundations and research agencies, we endeavor to bolster the efforts of organizations with proven effective measures in furthering these causes and work to substantially reduce the instances of substance-abuse driving related deaths. In all of our efforts we seek to honor the memory of Andrea Giattino and all those who have died as victims of alcohol and drug induced incidents.
