Capitol Hill/Capitol Riverfront

Where: All within easy walking distance of our hotel. East of the Capitol dome, reaching into the Northeast and Southeast quadrants of the city.

What's in a name: City designer Pierre L'Enfant picked this location once known as Jenkins Hill – and now simply referred to as “the Hill” – to be the seat of the legislative branch of government. The *Barracks Row* section of the neighborhood takes its name from the nearby **Marine Barracks**, home to the Commandant of the U.S. Marine Corps.

Thumbnail: The Capitol Hill neighborhood packs powerful attractions like the **Library of Congress** and **Supreme Court** and beautiful treasures like the **National Postal Museum** and **Union Station**. Locals start their weekends by stocking up on fresh veggies and shopping for unique arts and crafts at **Eastern Market**. In the evening, the place to be is **Barracks Row**, located along 8th Street SE. The new emerging **Capitol Riverfront** has been making headlines as home to the nation's first “green” ballpark at **Nationals Park** and modern developments along the waterfront.
