

MEETING PLANNER

Jekyll Island

GEORGIA'S JEWEL

Where Affordable Meetings Come Naturally!

Sand dunes and wide beaches are the natural companions to the Jekyll Island Convention Center, the Deep South's only oceanfront convention facility.

Pairing this stellar location with all the island's amenities makes the Jekyll Island Convention Center among the premier meeting sites in the Southeast.

The Center's 55,000 square feet of meeting space is revealed in a complex of buildings whose functionality flows and support each other. Included are three convention halls, thirteen breakout rooms, ocean-view lobby and registration area - all either adjoined or connected via weather-secure walkways.

For over three decades, The Jekyll Island Convention Center has welcomed gatherings of all sizes to this quiet, family resort island. Whether Seminars for a hundred or conventions for thousands all receive the same friendly service.

Jekyll Island makes business a pleasure in a relaxed, secluded setting. With a dedication to quality and close attention to detail, we will please the most discerning meeting and convention planner.

Atlantic Hall

Caldwell Hall

Hartley Auditorium Lobby

Hartley Auditorium Stage

Caldwell Hall

Hartley Auditorium

Hartley Auditorium, with a seating capacity of more than 1,800 has an elevated, permanent stage and seven adjacent meeting rooms. An ocean-view lobby/registration area connects the 13,000 square foot hall with 22' ceilings to the impressive 11,500 square foot Caldwell Exhibition Hall.

Caldwell Exhibition Hall

Caldwell's column-free design makes it ideal for trade shows and theme events. Historically vendors have found that the single story layout plus the well-located loading dock make moving in and out simple and quick. The adjoining Oceanview Room is ever-popular with its floor-to-ceiling windows and grand views.

Preserving the Past

The Jekyll Island Museum created its Historic Preservation Department in 1986.

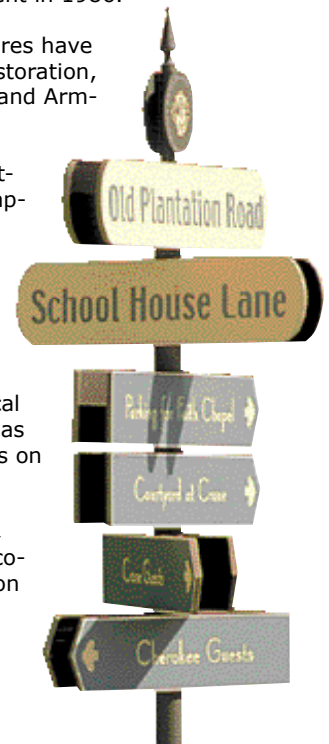

In the 20 years of its existence, 29 of the island's 33 historic structures have been restored. Notable recent projects include the Horton House Restoration, a Save America's Treasures project, and the restoration of the Mainland Armstrong stained glass window located above the altar in Faith Chapel.

Current efforts focus on the ongoing preservation of Hollybourne Cottage, the stabilization of the Jekyll Island Wharf Pavilion, and an adaptive reuse project to turn the 1903 Power Plant into the home of the Georgia Sea Turtle Center.

Maintenance in the historic district is continual, and visitors can often see staff repairing shutters, restoring porches, or painting cottages.

The Jekyll Island Museum began actively managing the archaeological resources of the island in the 1970s. Since that time, the museum has conducted archaeological surveys, site testing, and research projects on Jekyll Island's historic and prehistoric resources.

Projects have particularly focused on the Horton House Historic Site, Jekyll Island Club Service Buildings, and the Pulitzer Cottage porte-cochere. Continuing archaeological research is planned and will focus on the Horton House Historic Site as well as the Pulitzer Cottage Site.

Things to Do, Places to See

Georgia's smallest barrier island at 5,700 acres, Jekyll Island offers a unique combination of rich history, unspoiled natural beauty and an impressive array of sports and recreational activities and amenities for such a small package.

Beaches

Jekyll Island's 10 miles of unspoiled beaches are perfect for sunbathing or swimming, for leisurely walks or invigorating jogs. Perhaps best known for their natural bounty, Jekyll Island's beaches offer serenity for guests young and old. Many live creatures abound as well, including hermit crabs and sand dollars.

Boating and Fishing

Jekyll Island's protected natural beauty is meant to be explored. This fact especially holds true for the Island's salt marshes, estuarial waters or the deep blue sea. One of the best ways to experience this intriguing ecosystem is by strapping on a life jacket, grabbing a paddle and taking a kayak or canoe out into the inland waterways. Or, use the experience of any of the area's charter boat captains and fish for an abundance of different types.

Nature Walks

Jekyll Island's abundance of unspoiled natural beauty – from its richly preserved maritime forests to its pristine dune systems to its 10 miles of tidal beaches – is perhaps best appreciated with the assistance and guidance of experienced Jekyll Island staff and volunteers.

Golf

Jekyll Island has been a golf destination since 1898, when Jekyll Island Club members added the first course on the island near the present-day airport. Today, Jekyll Island boasts 63 holes of golf on three 18-hole courses and one 9-hole course, earning Jekyll Island the bragging rights as Georgia's largest public golf resort.

Summer Waves

More than a million gallons of splashing water fun, with 11 acres of rides, thrills, food, excitement and cool summer times. That's Summer Waves Water Park, next to the marsh on Riverview Drive.

Fun for Everyone

Jekyll Island offers activities that other meeting spots don't, including:

- Miles of pristine beaches
- Globally Recognized Bird Watching
- Horseback Riding on the beach
- Kayaking & Canoeing
- Nature Walks
- Golf & Tennis
- Biking
- Soccer
- Camping
- Customized Museum & Exhibit Tours
- Summer Waves Water Park

Meeting Planners, one phone call is all it takes to add a sports tournament, a customized tour or a water park exclusive. Your personal event planner is waiting to make your job easier.

Culinary Delights

The Jekyll Island Convention Center offers full service catering including gala banquets, receptions, rehearsal dinners, brunches, refreshment breaks, theme parties, dances, beachside cookouts and picnics.

Whether it is burgers on the beach or a black tie affair, we can enhance your event through expert menu planning, quality foods, appealing presentation, and courteous service.

Menus and specific prices are available upon request..

Island Restaurants

Come hungry for island cuisine at its best! Jekyll Island offers a wide range of delicious dining options. From a savory steak to the most scrumptious Wild Georgia Shrimp, there is something for everyone, and it very well could be under the same roof!

Regardless if you are looking forward to a romantic dinner for two or a casual dinner for four on the ocean or marshfront, Jekyll Island establishments offer a wonderful, island-dining experience.

Accommodations from 1 to 6 bedroom cottage/condos.

Rental rates based on location, size and amenities.

Climate

The inviting mild weather that graces the area year-round is due in large part to the ocean breezes that help warm the winters and cool the summers. Rainfall averages approximately 54 inches, while the average temperature is a delightful 68 degrees. Typically, July and August are the warmest months and December and January are the coolest.

	Temperature	Water Temp		Temperature	Water Temp
January	53°	49°	July	82°	79°
February	55°	52°	August	82°	82°
March	60°	60°	September	78°	74°
April	67°	66°	October	69°	68°
May	60°	60°	November	61°	63°
June	80°	77°	December	53°	50°
