Northern Territory

February 2010

District Governor's Newsletter

February is World Understanding Month

World Understanding Month

The month of February is a very special time in the Rotary calendar as it is designated World Understanding Month. The month includes the anniversary of the first meeting of Rotary held in Chicago on February 23, 1905, now celebrated as World Understanding and Peace Day.

When designated as World Understanding Month, the Rotary International Board asked all Rotary clubs to plan programs for their weekly meetings and undertake special activities to emphasize "understanding and goodwill" as essential for World peace. To achieve this we need all people, of all races and creeds, to enjoy good health, to be able to read and feed their families, every day, of every week, of every month, of every year.

World Understanding Month is an opportunity

for every club to pause, plan and promote the Fourth Avenue of Service, Rotary's continuing international quest for goodwill, peace and understanding among people of the world.

From World Understanding and Peace Day, on 23 February, through to the end of March, all Clubs and Districts across the Rotary world are being asked by RI President John Kenny, to develop fundraising activities for Polio-Plus, (refer RDU information in this month's edition). The eradication of Polio from our world is the number one priority in both Rotary's and our District Strategic Plan.

I therefore ask every Rotarian to take up and meet this challenge. The sooner we remove this menace, the sooner the world will be a safer, healthier place. *DG Alun*

Elizabeth Happenings

The members of Elizabeth Club are most excited by the award given to their most senior and charter member, PP Pat Quigley, who was honoured as Playford's "Citizen of the Year" during recent "Australia Day" celebrations at Freemont Park, Elizabeth.

Jumping from the club's oldest to the youngest: Jason Lawrence, the club's newest member, helped lend a hand with other club volunteers at the Australia Day community breakfast supported by all Elizabeth Service Clubs. Also helping was Rtn Viv Valladares who has just returned from India as a volunteer dentist at the Missionaries of Charity, in Calcutta.

Elizabeth Club volunteers with the club's newest and youngest member, Jason, far right, and Viv, 3rd from left.

RI President John Kenny has written to all District Governors to ask for our support for a major Public Image project which is taking place on the 23rd February 2010.

Various Public Image initiatives will be happening around the world from 16 February until 2 March 2010. These will include the now successful lighting up of iconic buildings with the message End Polio Now.

I would appreciate it if your club be seen doing something visible to promote the End Polio Now campaign. It can be anything from spending an hour one day handing out leaflets about Rotary and polio, to having a booth at your local shopping mall, collecting money to help pay for polio immunizations for children.

It really is up to each club's imagination to do what they can to support this project. Imagine the impact of every club in the world taking part to help End Polio Now around our organisation's 105th anniversary.

For ideas and outreach materials to highlight 23 February, please visit:

<http://www.rotary.org/en/AboutUs/RotaryLeadership/RIpresident/Pages/PublicImage.aspx>

I wish you success as we celebrate Rotary's anniversary, confident that each club will recognise **The Future of Rotary Is in Your Hands.**

Extreme Rolling

Beginning on 17 February, Andreas Dagelet (Brisbane) and riding partner Dale Elliott (from Adelaide) are going to ride handcycles from Melbourne to Darwin via Adelaide and Alice Springs.

The journey is to raise funds and awareness for programs to help children and young adults with disabilities to lead extraordinary lives. They aim to raise over \$200K through national TV and radio coverage. In addition they will visit and engage over 150 schools and numerous community organisations. Their intention is to impact as many children in a positive way as possible throughout the journey. At the same time, they are raising money to fund the cost of procedures in Africa for people with club feet. Their goal is to fund 1000 procedures at \$200 each.

Andreas' love of handcycling was demonstrated by his record breaking year-long circumnavigation of Australia by handcycle in 2006. He wants to add to that adventure by riding on this journey for charity.

Dale Elliott is the first licensed paraplegic skydiver in Australia (second in the world). He is a speaker and comedian whose genuine love of helping others has inspired him to join this amazing journey.

Last year the Rotary Club of Cleveland helped Andreas Dagelet to purchase the hand cycle he will be using for this marathon ride. It was suggested that Rotary Clubs, along the route, would possibly offer support for this hugely worthwhile venture by raising funds or liaising with schools and helping with media and publicity. If your club can help Dale and Andreas through monetary support or otherwise, please contact either DG Alun, Andreas on 0412 228 966 or Dale on 0411 696 145.

The story of the trip will appear in Rotary Down Under in February.

RAWCS: Would you like to take a holiday in June or July?

An opportunity of a lifetime: to spend a little of your time and make a great difference for communities in developing countries.

We need people with reasonable building skills who can work in a team. If you would like to enjoy two weeks of work with a difference and in a most interesting location, with lots of rain, wonderful seafood, and more rain, please contact your Project Volunteer Coordinator Peter Geer on 8278 3866, Rotary Club of Blackwood, on (08) 8278 3866 or email: geerp@bigpond.net.au or PDG Peter Thomas on (08) 8562 1982 for more details.

The Rotary Foundation Future Vision Pilot

The Rotary Foundation Future Vision Pilot is a three-year test of the new grant structure offered in the Foundation's Future Vision Plan. To simplify the grant-making process, the plan offers only two types of grants: Rotary Foundation District Grants and Rotary Foundation Global Grants. Together, these grants will allow clubs and districts to carry out a broad spectrum of humanitarian and educational efforts, both locally and abroad.

Our District is participating in the pilot, which begins **1 July 2010**. Districts selected for the pilot have agreed to follow the new grant structure throughout the pilot and to not participate in any of the current Foundation programs, with the exception of PolioPlus and the Rotary Centres for International Studies. Districts selected for the pilot must appoint a district Rotary Foundation chair who will serve for the three years of the pilot (2010-13).

Current Timeline

January 2010

The 2010-11 governors and Rotary Foundation committee chairs of the selected districts attend a mandatory training session at RI's expense.

February-June 2010

Incoming governors in pilot districts train 2010-11 club officers (at PETS, the district conference, or the district assembly), determine which grant activities the district will pursue in 2010-11, and begin submitting grant applications online.

1 July 2010

The Foundation begins awarding district grants and global grants to pilot participants. Pilot districts are no longer eligible to receive awards from current Foundation programs.

2010-13

Pilot districts participate in Rotary Foundation District Grants and Global Grants and finish closing out all remaining Foundation grants from the current structure.

Students depart for new adventures

Late in January is when the new Outbound Exchange Students leave our shores as the annual Long Term Youth Exchange Program cycle continues. The latest group of students collected with their family and friends at Adelaide Airport. With a few tears and sad, but happy, goodbyes, they boarded the plane for their destinations. There were plenty of nerves apparent (especially from the parents) but the students were all positive and looking forward to the next 12 months on exchange.

This year Anthony Masson, Chair of the District 9500 Long Term YEP Committee, travelled with some of the 250 or so, outgoing Australian students, as a chaperone, along with his wife, Valerie. They ended up in Sweden at the end of their travels.

The following students left Adelaide Airport as part of the Rotary District 9500 Long Term Youth Exchange Program on the 22nd/23rd January for their year-long exchange.

Student	Sponsor Club	Destination
Madlen Stringer	Port Pirie	Finland
Emile Pearson	Port Lincoln	Sweden
Leah Rasmus	Port Augusta	Denmark
Kimberley McIntosh	Port Augusta	France
James Ansell	Alice Springs	Brazil
Ryan Heness	Peterborough	Germany
Jessica Rallis	Gawler Light	Belgium

Afghanistan first to use new polio vaccine

An estimated 2.8 million children received the vaccine during the campaign, which was funded by the Canadian government. According to the World Health Organisation, the bivalent vaccine was also intended for introduction in India and Nigeria by late January and is expected to be a critical new tool in the Global Polio Eradication Initiative.

Of the three wild polioviruses, known as types 1, 2, and 3, type 2 hasn't been seen anywhere in the world since 1999. This achievement led to the development of monovalent vaccines, which provide more effective protection against a

single type than the traditional trivalent vaccine. In a clinical field trial completed in June, the newly developed bivalent vaccine proved to be at least 30 percent more effective than the trivalent vaccine and almost as good as the monovalent vaccines.

As of 22 December, Afghanistan reported 31 polio cases in 2009, 28 of which occurred in the southern region. Families there are frequently on the move because of the changing security situation, limiting health workers' access to children. The bivalent vaccine simplifies the logistics of optimally protecting each child. "The new vaccine will allow us to save time and energy and reach, eventually, many more children," said Sheila Noor, one of 21,000 health workers deployed by the Afghan Ministry of Health. "We explain to every mother that this time a new vaccine is used that will protect their children even better. They appreciate it."

One reason health workers encountered little resistance during the immunization campaign was the effectiveness of social mobilizers. Before the effort began, volunteers trained by WHO, UNICEF, and the health ministry visited homes and explained the importance of vaccination. Another reason was the agreement of Taliban leaders to allow immunization in the areas they control. Health workers who went house to house to vaccinate children carried letters from these leaders endorsing the campaign.

The ongoing effort to end polio in the country is staunchly supported by Rotary's Afghanistan Polio Plus Committee, chaired by Ajmal Pardis, a member of the Rotary Club of Jalalabad. "Eighty-four percent of Afghans live in parts that are polio-free, and they are not being reinfected despite the vast movement [of people] we have in this country," said WHO spokesperson Peter Graaff. "We are doing quite well, even in areas that are either disputed or under control of insurgents."

Quote of the Month Quotation of Paul Harris

It would not be fair to the critics of Rotary, who include some of the most brilliant of the British and American writers, to charge them with prejudice.

DVD Set of 2009 Conference

A DVD set is available to purchase of the 2009 District Conference, held at Kadina. The cost is \$40 per set of 4 DVDs. Please order through District Treasurer Theo Nitz, (Rotary Club of Elizabeth) by phoning 08 8287 6537 or email: tnjnit@chariot.net.au.

All profits to the Polio Plus Program

The future of District 9500

At its November meeting, the RI Board adopted a revised strategic plan that comprises three priorities, all of equal importance to Rotary's future. Elements of this were presented to Governors Elect at the recent International Assembly in San Diego in late January.

The priorities are:

- Support and strengthen clubs.
- Focus & increase humanitarian service.
- Enhance public image and awareness.

Following a mandate from the Council on Legislation, the Board recently conducted a triennial review of the plan. This review included surveying 14,000 Rotarians worldwide about the organisation's priorities and holding focus groups to assess Rotary's image in different countries. In addition, the Strategic Planning Committee carried out a detailed analysis of Rotary's strengths, weaknesses, opportunities, and challenges and considered its findings in relation to the organization's mission, vision, and strategic priorities.

The revised plan becomes effective July 2010 and reflects the results of this research. For example, survey responses clearly linked membership growth to strong clubs, and external data indicated that opportunities for service and networking are Rotary's greatest appeal strategic direction of Rotary International (RI) and The Rotary Foundation by emphasizing the connection between clubs' most popular service areas and the areas of focus in the Foundation's Future Vision Plan.

Moving forward, the Strategic Planning Committee and the Rotary International Board will continue to refine the goals attached to each priority and develop tactics for achieving and measuring success. The revised strategic plan focuses RI's efforts on the clubs and getting back to basics and RI's main role should be supporting clubs and helping them to expand their service and publicise the accomplishments of their efforts.

As you are aware, both DGE Ed King, DGN Eric Russell and our trainers contributed significantly to the develop-

ment of our 2007/10 District Strategic Plan during meetings from February to June 2009 and I am sure, when the details of the RI plan are finalized over the next few months and as I counselled every club during my visits, that it is vital to the future of Rotary and every club in our district that we continue planning at all levels because **"IF YOU KEEP DOING WHAT YOU HAVE ALWAYS DONE, YOU WILL KEEP GETTING WHAT YOU HAVE ALWAYS GOT."** DG Alun

DGE Ed King (rear left) having fun during the recent International Assembly

DG Alun and Vicky arrive to check out the Tuna Stall.

On Saturday morning, The Rotary Club of Port Lincoln Inc presented a cheque for \$2,500 to the Bendigo Bank's Fire Relief Appeal, to assist with the recovery in the affected community following the fire in December.

The Club members are well aware of the support that the people need, and are willing to continue to assist those affected as the recovery proceeds.

President David, right, presents a cheque for the Bendigo Bank Fire Relief Appeal to the Manager of Pt Lincoln Branch, Phil Channon.

Pt Lincoln Club in action

The 2010 Tunarama Festival was one good reason for DG Alun and Vicky to visit the Rotary Club of Port Lincoln, as part of their official club visits calendar for the year 2009-10.

Apart from discussions with the Club's Board of Directors and working two shifts as volunteers on the Tuna stall at the festival, they were hosted by President David Johnston and his wife Jackie for the weekend.

They took in the atmosphere of the Tunarama Festival and also saw the aftermath of the December 23 fire ground, and toured Coffin Bay and Nyroca Scout Camp near Wangary.

Float in the Tunarama Parade

Gawler Tractor Pull 2010

The Rotary Clubs of Gawler and Gawler Light combined to hold their 3rd annual Tractor Pull on Saturday, 30 January. The event was held on a property just a few kilometres out of Gawler, off the Thiele Highway. It was an excellent family affair, combining fun activities for the kids, helicopter rides, assorted food stalls and precision parachutists signalling the opening of the event program.

Vicky and I were invited to attend as guests of the two Clubs and had a great time viewing the assorted vintage tractors and 'competition event' high powered tractors, as well as assortment of engines, which included a V12 Allison aircraft engine that was designed in the 1930's and used to power fighter aircraft during World War II.

The competition was as hot as the temperature of the day. The organisation of the event was sharp and highly organised. Rotary enjoyed high public exposure and, I am sure, was a good fundraiser for both clubs.

This event was an excellent example of Clubs working together in partnership in the interest of their community. Well done to all involved and sincere congratulations on your superb organisation of a great event.

For those interested you can view plenty more photos of the event at

<http://www.gbtractorpulla.org>

Kicking Goals for Rotary

Getting excited about the District Conference at West Lakes? You can now !

Ed King's Conference Committee has been working hard behind the scenes, and have successfully secured the use of the new \$25m "Crows Shed" for the Rotary Conference. This magnificent facility is a real win for Rotary, and the team are busy looking at how we dress the venue in the Blue and Gold Rotary Colours.

All Attendees to the conference will receive a free tour of the venue, including The Honour Room, The Locker Room and even Club 19... What are you waiting for? – Register early via the website <http://www.d9500conference.org.au/>

So, whether you are supporting The Crows or The Power, come down and barrack for Rotary, and... "Kick a few Goals".

**2010-11 District 9500 Conference
At the New 'Westpac Centre', West Lakes - Adelaide
15th to 17th October 2010**

An evening with TOM HENDERSON Founder of Shelter Box

*Come and hear the latest information about
Shelter box activities from an EXCELLENT
after dinner speaker, and enjoy great company
whilst helping raise funds for Shelter Box.*

**BOOKINGS CLOSE
FRIDAY 19 FEBRUARY**

Help pave the way to RYLA Convention

PP Ilyasi Siraji, of the Rotaract Club for Global Australia (Thebarton Senior College), seeks support for his attendance at the International RYLA and the RI Convention to be held in Montreal, Canada in June 2010.

Ilyasi, who came to Australia as a refugee in 2007 from the Democratic Republic of Congo, attended Thebarton Senior College to improve his English through the New Arrival Program, and then completed the business administration certificate course. During his time at Thebarton, he became a charter member of the Rotaract Club for Global Australia. In its second year he was club president.

In 2008 Ilyasi was sponsored to attend RYLA. This event encouraged him to become actively involved in the support of young people, having experienced similar challenges in his life. He visits Rotary Clubs to encourage them to sponsor awardees to RYLA and students to RYPEN and is currently part of the leadership team for both RYLA and RYPEN as a team leader.

His aim for wishing to attend International RYLA is to improve his leadership skills, understand the issues facing youth around the world so that he is prepared to mentor and support youth that he meets on a daily basis and further his Rotary knowledge.

Ilyasi seeks financial support to cover conference costs and airfares of \$4,500 and, to date, has been promised some support from the Rotary Clubs of Brownhill Creek, Holdfast Bay, Elizabeth and Woodville. The Rotary Club of Elizabeth has agreed to set up an account to collect funds from any other clubs who can help financially support Ilyasi.

Please send cheques made out to '**Rotary Club of Elizabeth Special Events Account**', PO Box 233, ELIZABETH SA 5112

International RYLA Seminar

I am pleased and excited to advise that Rotarian Catherine Logue, a member of the Rotary Club of Adelaide West, has been selected to be a counsellor at the 2010 International RYLA that begins in Montreal in June this year.

Catherine was Chair of the District 9500 RYLA Committee until 30th June 2009 after being involved as a trainer for many years at our RYLA and RYPEN Seminars and camps. Catherine has to be on Montreal on Wednesday 16 June to begin Rotary Training.

Congratulations Catherine - excellent job! Good luck from us all. *DG Alun*

Easy fundraiser idea

Many local Rotary Clubs use Actad Theatre Group performances (always comedies) as easy fund-raising and/or social events.

To assist with your club's future planning, the dates of the plays for 2010 will be:

28 April – 8 May
27 October – 6 November

Performances at the Star Theatre (Theatre 62), Hilton, are Wednesdays to Saturdays (with a matinee on all Saturdays). For large bookings, additional performances can be arranged.

All clubs that regularly attend these plays will be notified of full details. If any other club would like to receive the information (without any obligation), please phone Grant Lucas (Rotary Club of Flinders Park) on 8346 9272.

Rotary in partnership with the local community

The Mayor of the Copper Coast, Paul Thomas, staged a Pre-Australia Day Dinner in Wallaroo last Monday evening and President Peter Oswald of the Rotary Club of Northern Yorke Peninsula informed me that his club was invited to "pass the hat around" amongst those present. \$1,200 was raised for a Shelter Box and Peter's club matched that by donating a further \$1,200 so that two boxes might be donated.

This totals 5 ShelterBoxes that have been donated by this club since 1 July 2009. This is a fantastic, selfless effort by this country community, and the boxes will surely be appreciated by the homeless people in Haiti. *DG Alun*

The life of an exchange student

Hi, my name's Juulia Nieminen and I'm a 17 year old youth exchange student from Finland. My exchange's almost half way through already, but it doesn't feel like that at all. Time has just flown by so fast, without me feeling almost any home sickness at all.

When I first found out that I had been chosen to come to Australia on a years exchange, it took me a while to grasp what it actually meant. In less than 1/2 a years time I'd actually have to say goodbye to everything familiar and step into a totally different world.

I left Finland in the middle of July. All the exchange students from my country, going to Australia and New Zealand left at the same time. We stopped in Singapore for 4 days to have our last briefings before flying out all over Australia/ New Zealand.

I've been living in Port Augusta for five and a half months now. When I first arrived I didn't know anybody, but once I started school I got to know many people. I went to year 11 at Caritas College. The students from my year were very nice to me when I started in the school and also included me into their weekend activities. But even though people were nice to me, it was still hard to come in to the school environment because most of the kids had known each other since pre-school. They already knew each other so well and had their own strong group of friends.

For me the first three months were the hardest, because it also took me a while to totally adjust to the cultural differences. But as time passed everything became more and more easy and now I feel like I've settled in really well. I've got quite a lot of friends, some better than others and what comes to the cultural differences, well I'm sort of used to it by now.

So far I've had two awesome host families. With the first host family I stayed for about 3 and a half months and with my current family I'm gonna stay with till the end of January. I feel like I've been really fortunate, because both of my host families have been really great. They've both taken me to Adelaide a number of times, which I'm really happy about. Just recently my first host family took me up to Townsville in Queensland, for their son's graduation. I think it was great to see a totally opposite side to Australia. Even though many people had told me how beautiful Qld was and I'd built up a really high expectation. It didn't let me down.

One thing that I really like about Rotary and the youth exchange program, is that it allows you to meet the other exchange students in your own district quite regularly. So far I've been on a couple of trips together with the other exchange students. Our first trip together was the week long trip to *the Head of the Bight*, during which we got to know each other really well, then I did a 4-day-long postie bike ride trip together with Camilla, the exchange student from Denmark up to the Flinders Ranges. Then there was the Maitland farm weekend, and in March we're all off to Port Lincoln on a surf trip.

We've always had heaps of fun on the trips and I know that many of us wouldn't mind to have even more of them organized. I'd say that all the exchange students in my district (D: 9500) are very close by now and we try to catch up with each other as often as we can. That's to thank all the Rotary clubs and individuals in the district, that have helped to organize these trips for. So a big thanks to you from all of us!

Summer holidays are at it's best now and Christmas is already behind. Next year I'll start in year 12 and I'm sure that school's going to be really challenging. We're getting an exchange student from Brazil to our district early on in the year too, which is really exciting. And of course everybody's almost counting days to the big Rock and Reef tour, which is now only a few months away! *Juulia Nieminen, exchange student (09/10)*

RDU Update

The END POLIO NOW promotion planned for February is aligned with Rotary's birthday on 23rd February but many clubs and Districts are planning month long campaigns. The February issue of *Rotary Down Under* includes a stimulating editorial feature on the END POLIO NOW plans.

Clubs should check out the "100 ways to celebrate a rotary Day" on the RDU web site (www.rotarydownunder.com.au) and put a local plan involving the community in place.

A Magazine Month kit will be distributed to Rotary clubs at the end of February which will assist clubs plan a special program during Magazine Month in April.

A reminder that the Council on Legislation (CoL) will be held in USA during April and a number of proposals that have potential for reaching implications will be debated. Matters relating to the publication of regional magazines are listed for discussion and Rotarians will be informed of outcomes of the CoL in future editions of the magazine.

Finally, a challenge to Australian clubs / Districts to provide front cover photographs for the magazine. Our friends from across the Tasman have had outstanding success over the past couple of years so lets take up the challenge and reverse the 'trend'.
