THE COLLEGE OF ROTARY KNOWLEDGE

GOVERNOR-NOMINEE SELECTION "The selection of a governor-nominee by the clubs in a district should be conducted in a dignified, responsible manner in harmony with the principles of Rotary. The district must select the nominee for governor not more than 36 months, but not less than 24 months, prior to the day of taking office. Any Rotarian who engages in campaigning or canvassing for elective office in RI may be subject to disqualification from election to the office sought and possibly to future RI offices for such periods as the RI Board may determine. Districts are urged to seek out and nominate the best-qualified person for the office of governor."

REJECTION OF NOMINATION BY BOARD "If a nominee for governor does not meet the prescribed qualifications and requirements, the Board shall reject the nomination and the General Secretary shall not present it to the convention for election."

METHOD OF SELECTION "Except in RIBI, a district must select its governor-nominee by a nominating committee procedure, a ballot-by-mail, or a vote at the district conference. For districts using the nominating committee procedure, each club may propose one challenging candidate. Each club may concur with only one challenging candidate."

BALLOT PROCEDURE "All votes for governor by a single club (when entitled to more than one vote, based on membership) must be cast unanimously for the same candidate; if not, the votes from that club are considered spoiled. In the event of a challenge, biographical data accompanying the ballot-by-mail is limited to the following: 1) Name of candidate, name and location of club, number of years a Rotarian, classification, name of firm or former firm, position in firm or former firm, meetings attended in last five years, current position(s) or assignment(s) in Rotary (elective or appointed), former position(s) or assignment(s) (elective or appointed) 2) Special Rotary services or particular Rotary activities in which a candidate has been engaged (i.e., what the candidate has done to advance Rotary) 3) Most significant honors or achievements in business and professional activities 4) Most significant honors or achievements in civic and public service activities"

SELECTION IN NEW DISTRICTS "When the clubs in existing districts are regrouped into new districts, clubs in the new districts shall, if practical, select the governor-nominee before the effective date of the new district by the same procedure those clubs used before the regrouping. When the above procedure is not practical, the RI Board shall authorize a ballot-by-mail and designate a governor to conduct it."

QUALIFICATIONS "At the time of selection, the nominee will be called governor-nominee-designate and will assume the title of governor-nominee on 1 July two years before serving as governor. The governor-nominee must 1) Be a regular member of a club in the district 2) Have full qualifications for membership in the strict application of the club membership provisions, and have a classification whose integrity is without question 3) Have served as president of a club for a full term or be a charter president of a club having served the full term from the date of the charter to 30 June, provided that this period is for at least six months 4) Demonstrate willingness, commitment, and ability, physically and otherwise, to fulfill the duties and responsibilities of the office of governor as provided in the RI Bylaws. 5) Demonstrate knowledge of the qualifications, duties, and responsibilities of governor as prescribed in the RI Bylaws, and submit to RI, through its general secretary, a signed statement acknowledging a clear understanding of them. This statement shall also confirm that the Rotarian is qualified for the office of governor, and willing and able to assume the duties and responsibilities of the office and to perform them faithfully. More information on the governor-nominee's responsibilities and assignments can be found in the Learning Center at learn.rotary.org."
