How We Doin'?'
 Active Members-73
 BERC needs 1 more friend to bring into the family of Rotary....

I think we have met the goal. Check!

NOTE: For All Interact Meetings Checking with Rotarian Advisor first is best, Advisors from schools second- then go to the offices and sign in to be escorted to the rooms where the meetings are held!

Rich needs to rejoin & drive this to Starrs each week!

So save up your dollars for the next drawing which will be next week. Just remember that your obligations come first, then you get to use your "fun money" to gamble.

No Pass the HAT this Week-

Love

DISTRICT ROTARY FOUNDATION COMMITTEE

"The RI Board and the Trustees have agreed that each governor shall, well before taking office, appoint all members of a district Rotary Foundation committee. The committee consists of a chair and four subcommittee chairs. The district can elect to have additional subcommittees, some of which may be reported online. Districts should adapt their committee to the interests and focus of the Rotarians they serve. To be effective, the district Rotary Foundation committee must have continuity of leadership, so the chair is a three-year appointment subject to removal for cause. Any removal for cause must have the trustee chair's prior approval. The district governor (if selected) scheduled for each of the years of the three-year term will participate in the selection of the chair. Although it is not mandatory, it is recommended that the chair be a past governor. The subcommittee chairs selected by the governor for the year automatically become members of their respective sub-committees. The district governor is an ex-officio member of the committee. With the direct leadership of the governor, the chair works with the committee to plan, coordinate, and evaluate all district Foundation activities. The members of each subcommittee should, insofar as possible, have experience in their subcommittee's area of responsibility. Subcommittees shall be appointed to address the following ongoing administrative functions: 1) PolioPlus 2) Grants 3) Fundraising 4) Stewardship Descriptions of the duties of the district Rotary Foundation chair and each of the subcommittees can be found in the District Rotary Foundation Committee Manual and The Rotary Foundation Code of Policies."

ACTIVITIES

MULTI-DISTRICT SERVICE ACTIVITIES AND PROJECTS

"Service activities and projects involving clubs in two or more districts are subject to the following: 1) Multidistrict service activities and projects shall a) Be, in nature and scope, within the capability of the clubs and Rotarians in the districts to undertake successfully without interfering with or detracting from the scope and effectiveness of club activities in furthering the program of Rotary at the club level b) Not be undertaken initially unless each governor concerned has agreed to such a joint activity and then only after approval of two-thirds of the clubs in each district c) Be under the direct supervision of the governors concerned; the custody of all funds contributed or collected for such activities shall be the responsibility of the governors concerned, though a committee of Rotarians from within the districts involved may be appointed to assist in administering any such activity and related funds d) Involve voluntary participation, clearly presented as such, by Rotary clubs and/or individual Rotarians, with the cost of participation by a club or individual Rotarian, if any, kept to a minimum and not implicitly or directly made an obligation in the form of a per-capita assessment or otherwise e) First submit its purpose and plans to the other governors for approval if it in any way requires the cooperation of clubs or Rotarians outside the club organizing the activity 2) The policy on this matter does not include projects involving cooperation between districts partnering for an international service project when one district serves as a "donor" and the other district as "sponsor" or "recipient." 3) Any participating district that seeks to terminate its participation in a multi-district service activity or project must secure the approval of two-thirds of the clubs in the district to withdraw. 4) The governors of districts that initiate multidistrict activities that extend beyond a single Rotary year must develop operating guidelines in accordance with RI multidistrict policy for approval by the General Secretary. The governors involved in any multidistrict activity shall also be responsible for ensuring that an audited financial statement of multidistrict finances is prepared for the activity or project and distributed to the participating clubs. 5) Multi-district PETS organizations are exempt from these multi-district guidelines. Rather, they are to be governed by the multi-district PETS guidelines."
