Why do it?

Participating clubs report . . .

- Clear Club vision
- Sense of mission and purpose
- Revitalization of member involvement in the club

It establishes shared goals and objectives and, given member involvement, creates group buy-in and a shared commitment to succeed.

“Plans are only good intentions unless they immediately degenerate into hard work.”
Peter Drucker (1909 - 2005)

Shared Vision
Shared Goals
Shared Commitment
Shared Success!
What is it?

The best way to attract and retain members is to have a strong and vigorous Rotary Club, whose members are totally committed to rewarding service in their local communities and beyond. But how can we bring new life and direction to our Clubs?

Rotary’s Vision Facilitation process is a best practice for club strategic planning and re-invigoration.

The model involves developing Vision Facilitation Teams of committed and forward-thinking Rotarians, holding individual Vision Facilitation Sessions at the club level, and following up with those clubs to ensure their planning process resulted in meaningful advancement towards achieving the club’s and Rotary’s goals.

Who should participate?

The District Visioning Team encourages you to schedule a time for strategic planning for your club.

“Create a definite plan for carrying out your desire and begin at once, whether you are ready or not, to put this plan into action.”

Napoleon Hill

You should have a broad mix of seasoned and newer club members reflecting the diversity of your club. The session will be led by three of our trained facilitators.

Sessions typically begin with a meal followed by three hours of imagining, discussion and fellowship.
