Role Model for Dresden 5th Grade Graduates

For the first time, the "graduating class" from Dresden Elementary School received a "road map" to follow going forward. Yuen Ha started in kindergarten at Dresden knowing not a word of English. She went on to learn English, join the Dresden honors program and was a member (and Satulatorian) of the 2009 graduating class of Cross Keys High School. She has been named a Gates Millenium Scholar and will be attending Agnes Scott College on a full scholarship.

Yuen was a recipient of Rotary Club of Dunwoody Holiday books throughout her Dresden career and spoke last week of how much those books meant to her. Her remarks to the 5th grade class may be read by clicking here.

Your Views Shape Our Future!

by Kathleen G. Brandt

During the month of May please take a few minutes to give us your thoughtful feedback by completing our Member Survey. As proud members of the Rotary Club of Dunwoody we have enjoyed a long and rich history of member involvement, fellowship and community impact. This survey was designed so that all members may have a role in determining the club’s future. Our goals are to keep the club relevant to membership, keep the membership dynamic, enriched and involved and, to make a difference in our communities.

Summary findings will be shared with members in June and will also serve as valuable input for future leaders as they address the task of long range planning for the Rotary Club of Dunwoody.

Surveys will be available on the tables at Friday morning meetings during the month of May or may be downloaded from our website by clicking here. Once you have completed this survey, please either return it to Teak Pacetti or email or mail to Laura Kann at lkk1@cdc.gov.

Thank you for your thoughts and commitment to service through Rotary.
