Let the Good Times Roll ... in New Orleans!

May is "Promote International Convention" month and with the convention being held in New Orleans this year, the unofficial city motto ("Laissez les bons temps rouler" translated as "Let the good times roll") clearly sets the theme for this international gathering of Rotarians.

The convention officially begins on Saturday, May 21st and lasts until Wednesday the 25th. However, many people will arrive early (and/or stay past the 25th) to enjoy some of the local food, sights, and entertainment that the city of New Orleans is famous for worldwide.

It isn't too late to register. You can still register online via Member Access on the Rotary.org website through May 6th, or you can download the on-site registration form and bring it with you. The registration booth will be open from May 19th at the Ernest N. Morial Convention Center.

By participating in an RI Convention, you'll gain a broader appreciation of Rotary's global impact and strengthen your commitment to service. And seeing a convention may move your invited guests to become Rotarians, too. Here are some other great reasons to attend a convention:

Service projects. Find out how fellow Rotarians developed their service projects by visiting club and district project booths. You can also partner with other Rotarians in an international project or exchange.

The Rotary Foundation. Learn more about PolioPlus and other Foundation programs during plenary sessions and workshops that show how Rotarians take humanitarian action and promote peace and understanding throughout the world.

Development of future club leaders. Expand your network of international contacts by getting to know Rotary leaders and members from your own district, and become more involved in district plans.

Club administration. Attend a special workshop for incoming presidents and the Presidents-Elect Luncheon, where you can meet and exchange ideas with fellow leaders.

Family fun. With so much to do around the event, you and your family can plan a memorable vacation around the convention.

Bio: Pavlov Rameau

Rotarian Pavlov is Haitian by birth, but international by education and profession. He holds a Doctor of Philosophy degree in Higher Education Administration and a Master of Science degree in Mathematics from the University of Florida. He has participated in an international study program in Salzburg, Austria and is the founder and president of the Foundation for the Advancement of Higher Education, Inc. (FAdHiEd), a non-profit corporation to support educational missions in Haiti and the Caribbean.

He is fluent in French and Haitian Creole, and understands Spanish. He was the recipient of a scholarship provided by the Seattle Washington Rotary Club in 1990, so he is intimately familiar with Rotary's ability to change lives and make a difference in the world. He is keen to provide similar opportunities.

Getting to Know You: Alistair MacDonald

Wasting no time in dispensing with his Red Badge duties, Rotarian Alistair presented his "Getting to Know You" talk at last Wednesday's meeting.

To be honest, President Michael did surprise the club's newest member with the opportunity to speak, but by all reports the result was great.

If you were away on holiday and missed his talk, perhaps you'll be able to encourage Rotarian Alistair to provide you with a brief reprise of the presentation. Or watch for his bio to be published in a future issue of *The Rotary Sun* newsletter.
