Cayman Rotaractors Rule at District Conference!

The Cayman Islands Rotaract Clubs had six delegates at the District 7020 Rotaract Conference last week. And President Adrean (Big Sexy) Russell led the way as Sergeant of the Conference.

As President Michael recounts, "Saturday night at the Gala Dinner, the awards were announced to much anticipation! One of the first awards of the evening was *Rotaractor of the Year* and this went to Heather Roffey of Rotaract Blue and daughter of Alan.

Then the District Rotaract Representative awards were announced (like our DG Awards) and both clubs received Gold Awards. Soon thereafter the Presidential Citations were announced and once again both clubs won these awards.

The final announcement of the night came to so much cheering, I thought they were going to lift the roof off the Ballroom and this was when Adrean was announced as DRRE and will be the DRR for 2012-13!"

Congratulations to all of our Cayman Islands Rotaractors! And thanks to PP Chris and Director Frank, who provide them with advise and guidance.

Have You Seen the Haiti Ad?

In an effort to keep the public mindful of Haiti's plight following last year's January 12th devastating earthquake, a public service announcement (PSA) is currently running on Cayman Islands television. This 30-second PSA was paid for through a District 7020 Public Relations grant from Rotary International.

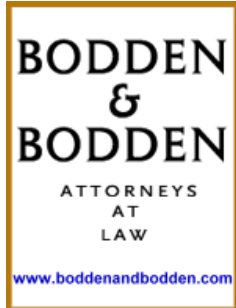

As the PSA states:

"The January 2010 earthquake in Haiti killed 300,000 people and displaced over 1 million. Rotary is helping to rebuild Haiti. More than 70 Rotary projects have been

Fellowship

a Rotary Fellowships Month article submitted by AG Rosie Jamieson

The FOURTH object of Rotary is "The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service". This statement places the act of fellowship in a very significant place in the development of Rotary ideals suggesting that through fellowship we network, we develop friendships, we perform community service, we promote peace, we promote integrity and we have fun.

What are the ways we fellowship?

We enjoy fellowship when we serve. When we join together as Rotarians to do what we do best, serve our communities, we are enjoying fellowship. When we sit around to plan the projects, when we pair up to go and purchase the materials or go meet the appropriate officials to discuss how our project will help the community and when we are working side by side, whether we are planting trees in a park, building an park, painting walls of the girls and boys homes, cleaning the mastic trial or selling raffle tickets outside of AL Thompson's or Fosters on a Saturday, we are enjoying fellowship.

We enjoy fellowship when we are learning about Rotary. Sitting together with a fellow Rotarian from far flung parts of the world in sessions at an international convention is enjoying fellowship. When old members and new members get together for new member orientation we are enjoying fellowship. We enjoy fellowship when we attend PETS as incoming leaders; we enjoy fellowship when we attend RLI.

We enjoy fellowship when we are at our Club meetings. We break bread together, we share our stories, we catch up with fellow Rotarians we have not seen for a while, we wish well to those who aren't doing so well and we are happy for those you are on top of the world.

We enjoy fellowship when we celebrate: Charter nights, Changeover nights, or any worthy occasion. We fellowship when we sit down to plan for fellowship.

The greatest thing about all the fellowship that we do is the lasting friendships and relationships we create. And it is through these relationships that we are able to change the world. These friendships are the ones that drive us to help our fellow Rotarians in need all over the world and these relationships are the ones that will lead us to peace.

So enjoy fellowship wherever you can, whenever you can.

"...There is so much pleasure in Rotary activities. The breakfast, luncheon, or dinner every week brings you in contact with your fellow members. Their diverse interests and knowledge stimulate your interest in your community...The planning for service projects

both close by or across some distant horizon carries us out of our own self-interest into the wonderful world of service to others...[and the] pleasing paradox...that we grow in stature when we give of our time and talent to improve the quality of life for someone else. How strange that when we give dignity to someone else, we grow in dignity ourselves..." — Enjoy Rotary! **THE ROTARIAN**, July 1989
