## Sunrise Fellowship

*A Rotary International Fellowships Month Article  
by Rotarian Christine Mathews*

Fellowship has been one of the foundations of Rotary from its inception and has been at the heart of the Rotary Club of Grand Cayman Sunrise's success over the last decade.

What is fellowship? Fellowship is "the sharing of similar interests, ideals, or experiences; the companionship of individuals in a congenial atmosphere and on equal terms."

There are many international fellowship groups within Rotary including License Plate Collecting, Rotary on Stamps, Wine and Music, but what is fellowship closer to home at Sunrise?

Ask most members and they will cite our social events such as our wine tastings, dinners and family days, and our weekly meetings. There is however much more to fellowship in our Rotary Sunrise lives.

Fellowship is what happens when we go to International and District conferences or do inter-club events such as our softball tournaments and quiz nights. Fellowship is about coming together for committee meetings or workshops such as the Darkness to Light seminar. Fellowship is when we go into schools to read with young persons. Fellowship is when we meet with our EarlyAct and Rotaract groups. Fellowship is when we go out into the community to do the good works we do such as beach clean-ups, painting projects and more.

Fellowship allows us to meet member's spouses and partners. It is an opportunity for members to introduce potential members to all aspects of Rotary life.

Fellowship is a part of everything we do and why as a Club we are so successful. Here's to fellowship!

## Polio Eradication Shifts into Emergency Mode

*Reprinted from Rotary.org*

Despite the dramatic drop in polio cases in the last year, the threat of continued transmission due to funding and immunization gaps has driven the Global Polio Eradication Initiative (GPEI) to launch the Global Polio Emergency Action Plan 2012-13.

The plan aims to boost vaccination coverage in the three remaining polio-endemic countries -- Nigeria, Pakistan, and Afghanistan -- to levels needed to stop polio transmission. Health ministers meeting at the World Health Assembly in Geneva adopted a resolution on 25 May that declared "the completion of polio eradication to be a programmatic emergency for global public health."

Polio eradication activities have resulted in several landmark successes since 2010. India, long regarded as the nation facing the greatest challenges to eradication, was removed from the list of polio-endemic countries by the World Health Organization (WHO) in February. Outbreaks in previously polio-free countries were nearly all stopped.

During that same time span, however, polio outbreaks in China and West Africa due to importation from Pakistan and Nigeria, respectively, have highlighted the continued threat of resurgence. Failure to eradicate the disease could lead within a decade to paralysis of as many as 200,000 children per year worldwide.

"Polio eradication is at a tipping point between success and failure," says Dr. Margaret Chan, director-general of WHO. "We are in emergency mode to tip it towards success -- working faster and better, focusing on the areas where children are most vulnerable."

Eradicating polio would generate net benefits of US\$40-50 billion globally by 2035, with the bulk of savings in the poorest countries, based on investments made since the GPEI was formed, savings from reduced treatment costs, and gains in productivity.

"We know polio can be eradicated, and our success in India proves it," says Rotary International President Kalyan Banerjee. "It is now a question of political and societal will. Do we choose to deliver a polio-free world to future generations, or do we choose to allow 55 cases this year to turn into 200,000 children paralyzed for life, every single year?"

### Global emergency action plan

The GPEI's emergency action plan was developed in coordination with new national emergency plans. The plan builds on India's success and outlines a range of new strategies and initiatives to better support polio eradication efforts, including:

- Intensified focus on the worst-performing areas of Nigeria, Pakistan, and Afghanistan to increase vaccination coverage by the end of 2012 to levels needed to stop transmission
- New approaches tailored to each country to tackle persistent challenges and improve polio vaccination campaign performance

- Heightened accountability, coordination, and oversight to ensure success at every level of government and within every partner agency and organization
- A surge of technical assistance and social mobilization capacity

#### Full funding of new plan critical

Already, funding shortages have forced the GPEI to cancel or scale back critical immunization activities in 24 high-risk countries, leaving more children vulnerable to the disease and polio-free countries exposed to the risk of reintroduced transmission.

“All our efforts are at risk until all children are fully immunized against polio -- and that means fully funding the global eradication effort and reaching the children we have not yet reached,” says UNICEF Executive Director Anthony Lake. “We have come so far in the battle against this crippling disease. We can now make history -- or later be condemned by history for failing.”

Full implementation of the emergency action plan is hindered by a funding gap of nearly \$1 billion through 2013.

#### Working in emergency mode

Since the start of 2012, the GPEI has moved its operations into emergency mode. The U.S. Centers for Disease Control and Prevention (CDC) has activated its Emergency Operations Center, UNICEF has officially activated an Interdivisional Emergency Coordinating Committee operating directly under the deputy executive director, and WHO has moved its polio operations to its Strategic Health Operations Centre.

Such measures are reserved for responding to global health emergencies, such as the H1N1 pandemic and the 2004 Indian Ocean tsunami -- and will generate a massive surge in technical capacity, real-time tracking of program performance, and immediate implementation of corrective action plans as necessary. In March, The Rotary Foundation Trustees reaffirmed that polio eradication is the Foundation’s urgent priority. In addition, Rotary senior leaders have launched a series of one-on-one meetings with the heads of state of the polio-endemic countries.

#### Member Bio:

### Enoka Richens

My name is Enoka Richens. I was born in Sri Lanka. I met my husband in Toronto, Canada while we were volunteering at a soup kitchen at our church. We have been married for 15 years. Gordon and I moved to the Cayman Islands in 2006 from Edmonton. At the time, I was practising at a large medical clinic with 15 other family physicians.

The day after arriving in Grand Cayman, I started to work with Dr. Sook Yin. It has been a tremendous experience, both professionally and personally. We are now the Seven Mile Medical Clinic. I have met some of the most warm, wonderful people through my practice. Among them is my sponsor, Ms. Berna Cummings. Ms. Berna invited me to Rotary Sunrise. It has been my privilege to be a part of Rotary Sunrise over the past year.

My family is scattered throughout the globe. In addition to my parents, I have one sister and 3 adult stepchildren. My younger stepson, Adrian and his wife Hiroko are in the process of moving to Japan this summer.

### The 4-Way Test

Of the things we think, say, or do:

Is it the truth?

Is it fair to all concerned?

Will it build goodwill and better friendships?

Will it be beneficial to all concerned?

### The Rotary Grace

O God and giver of all good,

We thank thee for our daily food.

May Rotary friends and Rotary ways,

Help us to serve thee all our days.

### Member Happenings!

Rotarian Donald Aitken proposed to Louise Craig and she accepted on May 17.

Rotarian Karen Edie who also got engaged recently and will marry in November.

In the photo to your right, four of our loveliest Sunrisers donned their most festive hats to celebrate the Queen's Diamond Jubilee at Camana Bay this past weekend!

And from our Rotaractors: "Just wanted to let you know that Rotaract Club of Grand Cayman won a gold award, Stephanie Rattan won Rotaractor of the year and Rotaract Blue got Club of the year!!!!!! And Adrean Russell was pinned District Rotaract Representative! So Proud of our Cayman Clubs! President Leslie Wilson, RCGC"

IPP Michael invites everyone to enjoy the promotional video for the 2013 Rotaract District 7020 Conference starring our favorite Rotaractors, Big Sexy, and Moses! Check it out at: <http://tinyurl.com/8yozdkq>

And last, but not least, a photo of Rotarian Dawn with PP Winston's son Wade...

### Late Breaking News: Honduras Trip Successful!

Ron Stoll and Jonathan and Sian Adam accompanied Doctor Mani and his assistant Adi to the Sunrise sponsored Guaruma Project in Honduras over the holiday weekend. In the villages of Las Mangas and El Pital, eye clinics were set up to test and examine the eyes of local children and adults. Over 170 patients were seen over two days. A full report and slideshow will appear on the website shortly.
