Exciting News! Community & Economic Development Global Grant with India Rotary District.

Thank you to PP and International Service Chair Joe Akkara! Our Club's *Community & Economic Development Global Grant*, in partnership with the **Rotary Club of Cochin-Harbour, India (Rotary District 3210)**, surpassed our fundraising goal for the RI match – and **the project has now been approved for \$53,000 from RI!** Our club is the lead, soliciting area Rotary clubs to contribute. RC Cochin-Harbour will purchase 700+ sewing machines (and training) for un-employed or underemployed women. Local Rotarians will set up and support self-help Community Centers in the villages around the participating Rotary Clubs. The women will be trained by local Rotarians and then either work at the Rotary Vocational Centers or other work places. In addition to providing long term employment and sustainable income to women & their families, this Grant will provide supplementary income for food, shelter, clothing, & educational & health care needs of other family members. Overall economic & community development, & sustained well-being of the community are the targeted final outcomes.

FOOD FOR THOUGHT

Rather than being a human, be a humanitarian.
